

## Do Kentuckians want a hand picked, hand controlled Governor?

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

### AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Siberia.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuance of operations there, is the campaign against typhus. Over a stretch of 4,000 miles the American Red Cross has fought the scourge. Here is seen "The Great White Train," an anti-typhus institution which, with its crew of doctors and nurses and cargoes of drugs, food and cleansing apparatus, has saved the lives of thousands.

### AROUND THE WORLD WITH THE AMERICAN RED CROSS. In the Arctic Circle.

Wherever American soldiers went during the war and after, there also went the American Red Cross. This policy carried Red Cross workers to far corners of the globe and here they are seen near the rim of everlasting ice and snow in North Russia. Automobiles were used whenever possible but on many journeys the reindeer pictured here proved most effective.

### AROUND THE WORLD WITH THE AMERICAN RED CROSS. At Saloniki.

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.

One of the biggest distribution centers was at Saloniki, Greece, and in this picture Bulgarian prisoners of war are seen there unloading a Red Cross cargo of 2,300 boxes from a French transport. At the right is seen one of the American Red Cross camions, fleets of which were used in rushing relief to points where the suffering was greatest.
